Subject: Response to Request for Information (RFI) dated July 20, 2012  
Class III Underground Injection Control (UIC) Well Permit Application  
Curis Resources (Arizona) Inc.

Dear Ms. Rumrill:

This is to formally request an extension of 5 calendar days for submitting responses to the Request for Information that was transmitted by letter, dated July 20, 2012, from Mr. David Albright to Mr. Michael McPhie. In his letter, Mr. Albright requested responses within 45 days of the date of his letter. The 5-day extension is requested because much of this 45-day time period has been spent executing, summarizing and creating complex graphics for several modeling scenarios needed to address several questions in the July 2012 RFI.

Thank you for your assistance and please do not hesitate to contact me at (520) 374-3984 if you have any questions about this request.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Daniel Johnson', with a stylized flourish at the end.

Daniel Johnson  
Vice President, Environmental and Technical Services  
Curis Resources (Arizona) Inc.

cc: David Albright, U.S. Environmental Protection Agency  
Richard Mendolia, Arizona Department of Environmental Quality  
Michael McPhie, Curis Arizona
